This job aid provides step-by-step instructions for using FPMT's lease renewal wizard to renew a lease contract. These instructions apply to facilities only and are not applicable to land and other assets. If you are renewing a lease with an associated receivable lease, refer to the Master Lease and Receivable Lease Renewal job aid.

FPMT has been expanded to meet new Governmental Accounting Standards Board (GASB) requirements. In addition to new functionality, system updates include new user roles as well as changes to existing business processes. Refer to the What's New with FPMT job aid for a high-level overview of system changes. As part of FPMT's new functionality, the system will send accounting entries to the Agency Financial Reporting System (AFRS) for leases that meet GASB criteria. Refer to Statewide Accounting's GASB 87 web page for lease decision trees and other background information to help you determine whether a lease is in scope for GASB.

Contents

Overview

Which FPMT user roles can renew a lease?	• This wizard can only be accessed by users with the FPMT Accounting role. Users must have edits rights. • The FPMT Facilities role cannot access the renewal wizard, nor can this role renew leases manually in the system. • Per agency discretion, an individual can be assigned both the Accounting and Facilities user roles.
Where do I access the renewal wizard?	• The renewal wizard is accessed via the menu button on the expiring lease contract tile.
When should I renew a lease?	• Leases should be renewed on or after the new lease start date, but before the first payment.

What information do I need to renew a lease?	• A copy of the new lease contract.
	• The expiring lease contract number.
	   o If you need to locate a lease number, you can run a Lease Contract Inventory Report from the agency tile in FPMT.
	• If the total lease payments meet or exceed the capitalization threshold, you will also need:
	   o Initial Direct Costs, if applicable
	• If FPMT will send accounting entries to AFRS for this lease, you will also need:
	   o Master Index
	   o Statewide Vendor Number and Suffix for lease payments
	   o Day Payment Initiated

Why should I use the wizard?	• The wizard simplifies the renewal process by guiding you through each step and reducing manual activity in the system. • The wizard also includes business rules, or validation checks, to prevent incomplete data and common data entry errors.

Wizard basics:
- The wizard opens in a new window, which will close when you complete the renewal. Once the renewal window closes, you will need to refresh your original FPMT window to see all of the changes.
- Once you Save and Close the renewal, you cannot go back into the wizard.
- Make sure to allow enough time to complete the renewal process in one sitting. If you time out during the renewal process, you will lose your data.
- You navigate through the wizard, by clicking the Next or Previous buttons.

Launch the Lease Renewal Wizard

Navigate to the expiring lease contract and launch the lease renewal wizard.

1. **Open** the Data Explorer module.
2. **Select** the 🔍 Search button on the data explorer tool bar.

3. **Select** Filter by ▾ and choose **Facility Lease Contracts**.

4. **Select** Refine by ▾ and choose **Lease Number**.

5. **Enter** the lease number for the expiring lease contract.

   ➔If you need to locate the expiring lease contract number, run the Lease Contract Inventory Report available via the menu button on the agency tile.

6. **Select** SEARCH
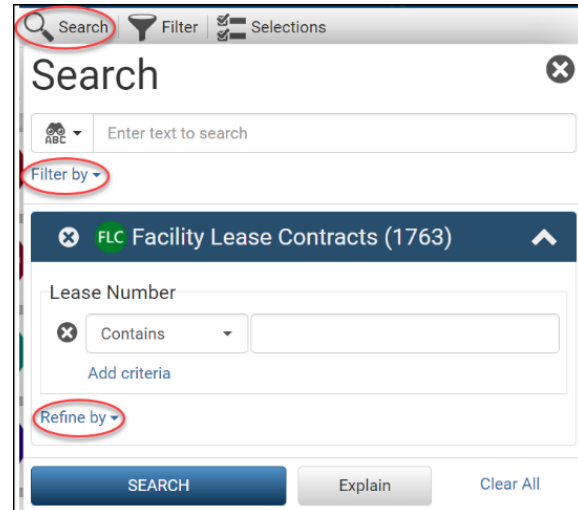

7. **Select** the ☰ menu button on the facility lease contract tile

8. **Select** 🔄 **Renew**

   ➔FPMT will open the lease renewal wizard in a new window.

   ➔The system will automatically populate information from the existing lease. You may update this information if there are changes.
Renew the Lease Contract

1. **Enter** agency data. Red fields are required.

   - Name
     → Use the lease number
   - Lease Number
     → Lease numbers must be unique; they cannot be used for more than one record.
   - Lease Executed Date
     → The date the last party signed.
   - Lease Start Date
   - Lease End Date

Lease Contract

Name

Description

Lease Number

Lessor ?
Eastern Washington Office, LLC

Lease Type
Lease - A contractual obligation for all or part of a property. This type of agreer ▾

Real Estate Authority ?
Department of Enterprise Services ▾

❮ Previous   Next ❯   Cancel All Changes

   - Capitalized
     → Will this lease contract be capitalized? If FPMT will send accounting entries to AFRS, the answer will always be "yes."
     → OFM has pre-populated this field based on information received to record beginning balances.

Capitalized ?
Yes ▾

   - Asset Useful Life
     → Useful life of the asset being leased (in years).
   - Initial Direct Costs
     → Ancillary charges necessary to place the leased facility into service.
   - Interest Rate
     → Use interest rate if stated in the lease contract or incremental borrowing rate for college or university. If none entered, the state's incremental borrowing rate will be used.
   - Manually Record Accounting Entries (in AFRS)
     → If "yes," FPMT will not send any transactions to AFRS for this contract.

2. Once you have completed the lease contract table, **select** Next ❯

❮ Previous   Next ❯   Cancel All Changes

➔If you navigate away from the lease contract form before properly completing the table, you will receive an error message.

➔You cannot move forward until the error is fixed.

Note: This error will show up in every table if you try to save with missing/incorrect data or try to navigate away before properly completing the table. In addition to this error, you will see a message in pink with more detail.

Unable to move to next screen

Unable to move to next screen until all errors are resolved.

OK

Errors
- One or more provided values are invalid.

➔The system will check that you have populated all required fields if you selected "no" to Manually Record Accounting Entries.

Errors
- The lease contract vender number is required when manually record accounting entries is set to no.
- The lease contract vender number suffix is required when manually record accounting entries is set to no.

Errors
- The lease contract master index is required when manually record accounting entries is set to no.

Errors
- The lease contract capitalized must be set to yes when manually record accounting entries is set to no.

➔In addition to validating that all required fields have been populated, the wizard will also ensure that the lease contract start date is a date prior to the lease contract end date.
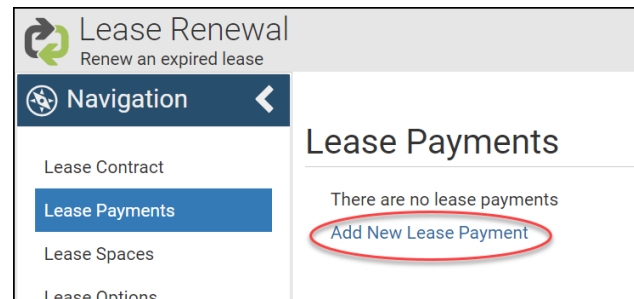

Errors
- The lease contract start date must be prior to the lease contract end date.

Add a Lease Payment

1. **Select** Add New Lease Payment

➔You cannot save and close the renewal until you add at least one lease payment. If there is no base rent for the facility, enter a lease payment for $0.

3. Select SAVE CHANGES

SAVE CHANGES   Cancel Changes

➔ The lease payment table features the following validation checks:

- All required fields must be completed.

- Index Rate is required if Payment Type is "Indexed Payment."

- Day Payment Initiated is required if Manually Record Accounting Entries is "No."

- The lease payment start and end dates must fall within the parameters of the lease contract start and end dates.

➔ The lease payment table cannot be saved until errors are corrected.

Errors
- The lease payment index rate is required when the payment type is indexed payment.

Errors
- The lease payment date payment initiated is required when manually record accounting entries is set to no in the lease contract

Errors
- The lease payment start date must be on or after the lease contract start date of 11/1/2019.
- The lease payment end date must be on or before the lease contract end date of 10/31/2021.

➔If you navigate away from the lease payment table before saving, you will receive an error.

Errors
- One lease payment is required.

➔Once the lease payment is saved, you can update the information by selecting the details icon or delete the payment by selecting the trash can.

➔Repeat this process if there is more than one lease payment series. All payments can have an Active status.

➔You must enter all lease payment series for the contract, even if the lease is being entered into FPMT retroactively.

➔If you need to add a Lease Option, select Next ❯

➔If you **do not** need to add a lease option, select Next ❯ four times to skip ahead to Data Review.
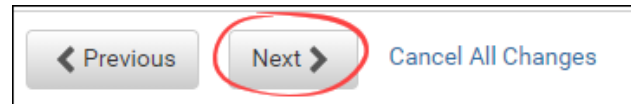

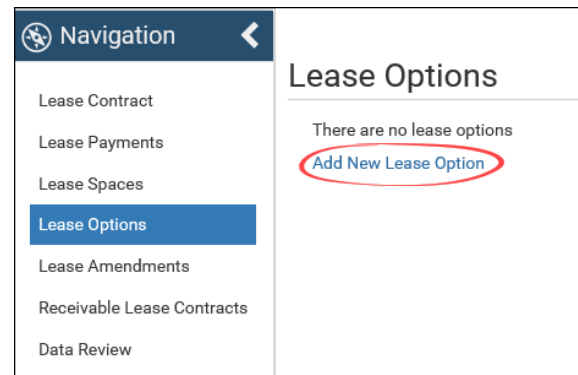

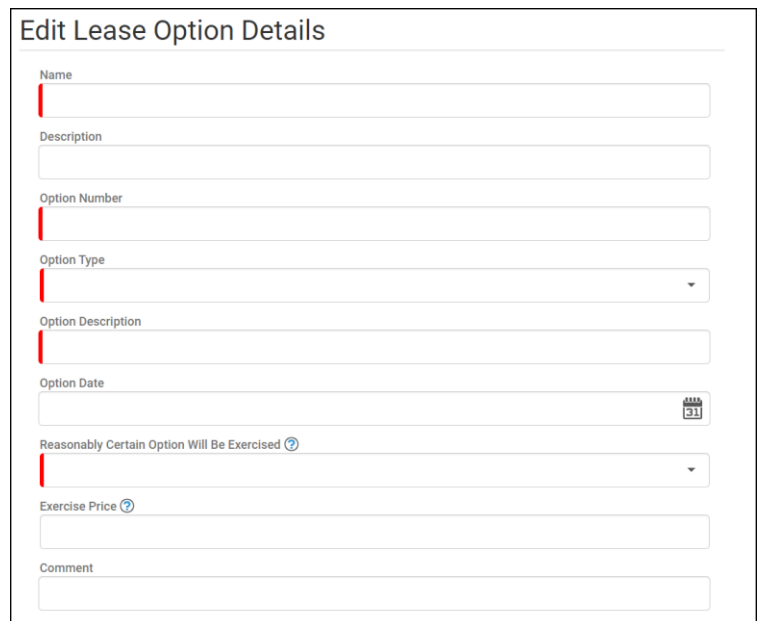

Add a Lease Option

1. **Select** Add New Lease Option

2. **Enter** agency data. Red fields are required.
   ▪ Name
      ➔Use the option type – option number (e.g., Cancel – 1).
   ▪ Option Number
      ➔Options should be numbered in the order they appear in the lease contract (1, 2, 3 etc.).
   ▪ Option Type (dropdown)
   ▪ Option Description
      ➔Provide a brief description of the clause in the lease.
   ▪ Option Date
   ▪ Reasonably Certain Option Will Be Exercised (yes/no)
      ➔This field is needed to determine whether or not this payment should be included in the lease liability and lease asset calculations.
   ▪ Exercise Price
      ➔The exercise price of the purchase option if it is reasonably certain that the lessee will exercise that option.
      ➔Required if option type is Purchase and Resonably Certain is marked "yes."

3. **Select** SAVE CHANGES

➔Select [Next >] three times to review your data.
Data Review

1. **Select** the [Hierarchy] button to change to the [Flat] view. You can now see all the tables you have added or edited as part of the renewal process.
2. **Select** the arrows ⟱ on the Starting Point tile to expand all of the tiles below.

---
1. **Select** View on each tile to see the data you have entered for the renewal.
2. **Review** the data for your lease renewal.
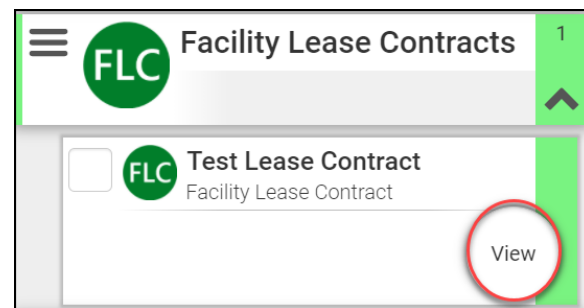

➔To edit your data, use the Previous button to navigate back to an earlier screen.

---
3. **Select** SAVE AND CLOSE to complete your renewal.
4. You will see a warning that lets you know you can't go back into the wizard after saving and closing. If you don't need to make any additional edits, select YES.
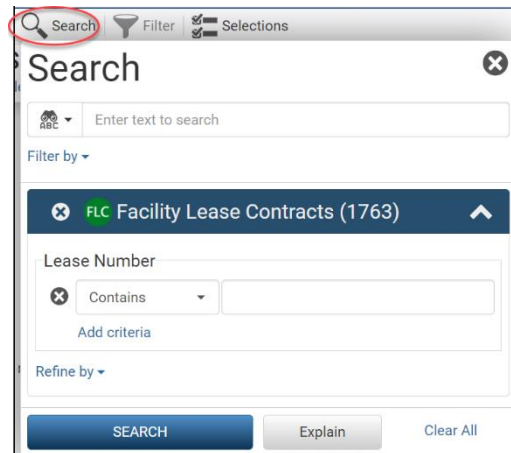

➔When you complete the renewal, the window will automatically close. FPMT will still be open in the original window. You will need to refresh your screen in order to see your changes.
➔Continue to the next step below to upload a copy of the new contract.
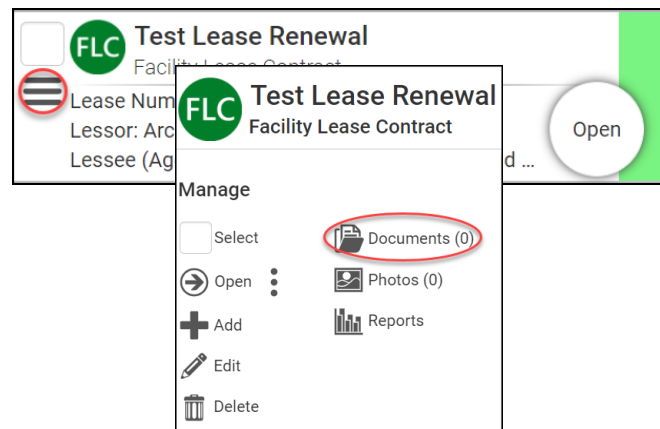

Upload Copy of New Contract

1. **Select** the 🔍 Search search button on the data explorer tool bar.

   ➔Your filters will remain in place from your original search.

2. **Remove** the old lease number and enter the new one.

3. **Select** SEARCH

4. **Select** the ☰ menu button on the new lease contract tile.

5. **Select** Documents
   ➔The document manager will open in a new window.

6. **Select** the ⬆ Upload button.

7. **Browse** for, or drag and drop, the file.

8. **Select** CLOSE.
